

## Legend

- Train Station
- On-road bicycle lane
- Shared use path
- Advisory bicycle markings
- Existing Grange Lakes Corridor Path
- Train Line (Grange to City)

# ROUTE OPTION 1

## Legend

- Train Station
- On-road bicycle lane
- Shared use path
- Advisory bicycle markings
- Existing Grange Lakes Corridor Path
- Train Line (Grange to City)

# ROUTE OPTION 1

## Route Comments:

- Provides a new bridge connection on the south side of the rail line identified in Council's long term plan
- Travel lanes for vehicles on Terminus Street would be narrowed to 5 metres (maintain two directions) with on-road bicycle lane
- Post lane separators could be installed as a trial between the traffic lanes and the on-road bicycle lane
- Traffic volumes on Terminus Street are low enough for advisory bicycle markings
