

# CITY OF CHARLES STURT

## DRAFT DISABILITY ACCESS AND INCLUSION PLAN 2021 - 2025

### Help make our City accessible and inclusive for all

People living with disability should be able to access and participate in all aspects of our society, including mainstream services and programs.

It is important that our community feel welcomed and included, and our plans, programs and facilities take people of all ages and abilities into account.

**Community feedback on our Draft Plan closes at 5pm, Monday 22 February 2021.**

### We encourage your feedback

We invite community comment on our Draft Plan.

Take this opportunity to tell us about your experiences and ideas.

- What makes you feel included and connected?
- How accessible and inclusive do you find Council's facilities, open spaces and programs?
- How can we make our City and neighbourhoods more accessible and inclusive?

### Our Draft Plan

Our Draft Disability Access and Inclusion Plan explores ways that physical and social barriers can be removed to create opportunities for people living with disability.

Our Plan is based on the four themes in the State Disability Inclusion Plan 2019-2023 being:

- **Inclusive communities for all** – ensuring opportunity for full inclusion in social, economic, sporting and cultural life.
- **Leadership and collaboration** – promoting ways we can engage, participate and lead in a meaningful way.
- **Accessible communities** – creating places, services and events that are easy to navigate and socially inclusive.
- **Learning and employment** – ensuring we have the skills we need to meaningfully support people to maximise their potential.

Over the next four years our Plan will guide improvements to access and inclusion for our community.
