

HINDMARSH PRECINCT STREETSCAPE UPGRADE HOLDEN STREET, HINDMARSH

Holden Street, Hindmarsh has been selected for renewal in the 21/22 Financial Year as part of the Hindmarsh Precinct Upgrade.

This project includes the upgrade of road and street infrastructure in the precinct in preparation for the FIFA Women's World Cup in 2023 and the scheduled Hindmarsh Stadium upgrade.

We are looking to improve the streetscape of Holden Street by improving pedestrian access, planting new trees and improving existing landscaping to promote urban greening and amenity for pedestrians using the street. There is also opportunity to change the road cross section in Holden Street to promote pedestrian access to the stadium.

We would love to hear your views on the draft concept plan.

As a resident or business within the precinct, we invite you to come along to a community drop in session.

Learn more about all the sub-projects within the precinct and provide your feedback on the draft concept plan for Holden Street.

To get involved you can:
